

FLOOD DISTRICTS TO BE GIVEN AID

STRENGTHEN LEVEES AND BUILD NEW DIKES.

Quick Action Taken by Congress on President Taft's Message Asking For \$500,000—Capital Notes.

Washington, April 2.—President Taft sent a message to congress today asking that \$500,000 be appropriated for strengthening levees and building new dikes in the flood districts along the Mississippi, Missouri and Ohio rivers and within fifteen minutes after it was read in the house, that body passed a bill making available for the purpose \$350,000 available for the purpose. The bill was rushed over to the senate, where it also was passed and was sent to the president for his signature.

The president sent his message of appeal to congress after Senators Foster and Thornton and virtually the entire Louisiana delegation in the house called upon him and pictured the destruction being worked by the floods.

After being read in the senate, the message was referred to the committee on appropriations. Chairman Warren stated that on account of conditions in the upper Missouri, relief might be needed in that section.

To Investigate Charges. Secretary Fisher of the department of the interior will go to Honolulu within a short time to investigate charges preferred against Walter P. Frear, governor of Hawaii, by Delegate Kahanalana.

Charles were filed in December, 1911, that Governor Frear was not in touch with the people of Hawaii and that his sympathies were with the sugar trust and other special interests. The governor has denied the charges. His term of office expired on August 15, 1911, and his position, it is said, has been pending during the investigation of the charges.

Capital Notes. The recall of federal judges by popular vote at presidential elections was proposed in the house yesterday by Representative Taylor of Colorado, a Democrat, who introduced a bill for that purpose.

A Republican tariff revision bill drawn by Senator Smoot, of Utah, for report by the finance committee as a substitute for the house bill, will have the right of way over all other tariff revision measures in the senate.

The house yesterday passed 173 to 17 a bill creating a children's bureau in the department of commerce and labor. The measure already had been passed by the senate and it will now go to the president for his action.

An appropriation of \$350,000 for the aid of a local exposition in 1913 to celebrate the fiftieth anniversary of Lincoln's emancipation proclamation was passed by the senate yesterday despite opposition led by Senator Hitchcock of Nebraska. The bill has not passed the house.

An appropriation of \$50,000 to enable the federal government to participate in the celebration of the fiftieth anniversary of the Battle of Gettysburg passed by the senate yesterday amid cheers which followed a spirited appeal by Representative Lamb of Virginia, a Democrat and the only confederate veteran in the house. He spoke in favor of the appropriation.

A resolution looking to the neutralization of the Philippine Islands and providing for ultimate independence of the islands, introduced by Representative Jones of Virginia, was ordered favorably reported yesterday by the house committee on insular affairs.

POLICE USED CLUB.

Quelled a Riot at San Diego Started by Industrial Workers.

San Diego, Calif., April 2.—The police quelled a riot tonight on fourth street by a vigorous use of clubs. The trouble started when a score of industrial workers of the World attacked Patrolman Langford. Several sailors of the cruiser Maryland, in port here, came to his rescue, but he was terribly beaten.

Then came a fight between a crowd of industrial workers on one side and policemen, sailors and citizens on the other. The former finally were driven away, but when they reached the plaza they made another stand, and the fighting was resumed. Police reinforcements then appeared, and the officers used their clubs, half a dozen industrial workers being knocked down, and many others were bruised before the crowd was dispersed.

Tomorrow, Benjamin Butcher, an avowed anarchist under arrest, will be started for England, his native land. The order to deport him was received from Washington today.

ATHLETICS WIN ONE.

Philadelphia, April 2.—The spring series between the local major league baseball teams now stands two victories to one in favor of the Nationals, the Americans winning their first game to day, 7 to 6. The world's champions landed hard on Brennan in the third inning, but the Phillies passed them. In the sixth, only to lose out in the eighth. Both teams played a steady game.

BYRAN TO SPEAK.

Lincoln, Neb., April 2.—William J. Bryan left tonight for an extended speaking tour of the middle and western states. He will speak to-morrow night at Des Moines, Thursday at Chicago and then go to Indianapolis, New York and Ohio.

VIOLATION OF MONROE DOCTRINE

JAPANESE ACTIVITY IN MAGDALENA BAY.

Senate Passes Resolution Calling on President for Information Bearing on Subject—No Debate on Resolution.

Washington, April 2.—The senate today adopted a resolution presented by Senator Lodge, requesting the president if not incompatible with public interest, to furnish the senate all information bearing on reported Japanese activity in Magdalena Bay, lower California.

The resolution on which there was no debate had reference to reported purchase of land by the Japanese government or a Japanese company on Mexican soil.

Senator Lodge called the attention of the senate, during the recent debate on the arbitration treaties to the possibility of some great eastern power directly or indirectly taking possession of a harbor on the west coast of Mexico, to establish a naval station and a place for storing arms. He said that in making this suggestion he was "using no imagination," and that it was not very long since an indirect movement was begun, and "it is apparently still on foot, to obtain possession of Magdalena Bay for a foreign power."

"So," he added, "I may fairly suppose that such a case might arise. If it did, we should immediately intervene. We should declare that this was a violation of the Monroe Doctrine."

Senator Lodge was then arguing against the treaty making power which he contended was carried in the treaties as reported.

Mexican Official's Views. Mexico City, April 2.—That the Lodge resolution introduced in the United States senate to day, and the fear expressed by that senator that Japanese interests were laboring to obtain a coaling station on Magdalena Bay, were the cause of a wrong impression, was the assertion of Foreign Minister Calero to night when informed of the senate's action in asking President Taft for full information bearing upon a rumor which is current in this country as well as Washington.

Minister Calero's denial of the possibility of the acquisition of such a privilege by a foreign power was comprehensive and emphatic. "Japan or any other foreign government can't gain a foot of Mexican soil, except by fighting for it," he declared. "Senator Lodge, whom I know as one of the ablest American statesmen now in public life, is undoubtedly moved by the sincerest motives in his authorship of this resolution, but the possibility of such a thing he fears is out of all question. The senate of the United States is acting upon a theory for which there is no foundation and I should be glad to have my statement of denial sent to the American people."

TWO COMPANY PLAN.

Washington, April 2.—The plan for dissolution which the International Harvester company has submitted to the federal department of justice, dividing the big corporation into two new ones with which the manufacture of the company's harvesting machines would be equally divided. With this as a basis, negotiations for a friendly settlement of the government's anti-trust suit were resumed to day between Attorney General Wickersham and Edgar A. Bancroft, general counsel for the company. It is not known whether the two company plan will be accepted, or further disintegration will be insisted upon.

AMERICAN ARRESTED.

El Paso, Texas, April 2.—Powell Roberts, until recently a member of the police force of this city, was arrested in Juarez Sunday, but succeeded in getting a note telling of his arrest, to Thomas Edwards, American consul in Juarez.

When Mr. Edwards and some of the former prisoner's friends called at the jail, and on the rebel officials, they were informed that Roberts had been taken to Chihuahua today.

Consul Edwards tonight received a telegram from Governor Colquist asking him to demand of Col. Orozco that Powell Roberts be brought back to Juarez without delay.

Taft Delegates.

Warsaw, Ind., April 2.—A vote today enabled the Taft men to elect the chairman and control the thirtieth district Republican convention. They then elected Clement Sudebaker of South Bend and Maurice Fox of Laporte, delegates to the national convention and instructed them for Taft.

After adjournment the Roosevelt delegation held another convention and selected P. L. Jenkins of Elkhart and Fred L. Keller of South Bend as national delegates. The contest will be carried to Chicago.

Taft's Home County.

Cincinnati, April 2.—A resolution endorsing President Taft and favoring his re-nomination was unanimously adopted at a meeting of the Hamilton county Republican central committee to day. This is President Taft's home county and every mention of his name by the speakers was enthusiastically cheered.

ROOSEVELT CONVENTION.

Jofferson City, Mo., April 2.—The eighth congressional district Republican convention will open here to-morrow morning. Sixty-four of the delegates have been instructed for Theodore Roosevelt and fourteen for President Taft.

LITTLE CHANGE IN SITUATION

REPORTS FROM CITIES WHERE LOCAL OPTION WAS ISSUED.

Bath, Previously Wet Goes Dry and Taylorville, Dry for Four Years, Goes Wet—Reports From Other Illinois Cities.

Springfield, Ill., April 2.—Reports received at the district headquarters of the Anti-Saloon league here from cities where local option was an issue in to day's election, show practically no change in the situation. Out of nine cities heard from, but one has changed its attitude on the question of prohibition, Bath, previously "wet," having voted for prohibition by a majority of 70 votes.

Following are the cities from which returns have been received, with the majorities which decided the election:

Kennett remains dry by 19 votes. Clinton remains dry by 69 votes. Mason City remains dry by 222 votes.

Roberts remains dry by 80 votes. Easton remains dry by 60 votes. New Holland remains dry (majority not yet recorded).

Bath, formerly liquor territory, becomes anti-saloon territory by 70 votes.

Bushnell remains wet by 28 votes. Canton remains wet by 130 votes. Taylorville, dry for four years, voted wet by a majority of 177.

Paris Township Dry.

Paris, Ill., April 2.—Paris township, Edgar county, went "dry" to day by 250 majority. Despite a driving snow storm the women and children insisted in getting out the anti-saloon voters. The Democrats appear to have swept the entire county.

Champaign Remains Dry.

Champaign, Ill., April 2.—The city of Champaign, by a majority of 473 to day for the third time went dry.

In Jo Davies County.

Galena, Ill., April 2.—In the local option election in Jo Davies county today, the towns of Warren and Apple River went "wet." Elizabeth and Scales Mound went "dry" and Stockton went from "dry" to "wet."

In vicinity of Bloomington.

Bloomington, Ill., April 2.—As a result of today's elections in this vicinity, the following "wet" towns remain "wet": Strawn, Clinton, Chenoa, Fairbury, Pontiac, Secor.

Atlanta and Gridley, which have been "dry," went "wet," and Roberts, Gibson City and Danvers remain "dry."

Kansas City Democratic.

Kansas City, Mo., April 2.—Henry L. Jost, Democrat, was elected mayor of Kansas City to day over Darius A. Brown, Republican (incumbent), by a majority estimated at 3,500 votes. Entire Democratic ticket, except a few aldermen, was elected.

Galesburg Votes Wet.

Galesburg, Ill., April 2.—Galesburg to day voted "wet" by a majority of 273 in local option election. The city had been dry and the campaign was lively. The wet campaign was led by J. H. Lewis of Chicago. Many women worked at the polls for the dry side.

Taylorville Wet.

Decatur, Ill., April 2.—Taylorville township in Christian county, for four years "dry," went "wet" to day by 117 votes. Palmer changed from "dry" to "wet," and Stonington and Morrisville remain "dry."

Back to Saloons.

Joliet, Ill., April 2.—Manhattan township after two years of anti-saloons, to day went "wet." Channahon remains "wet."

In Cook County.

Chicago, April 2.—In the local option elections in Cook county today Berwyn voted to remain "dry." The township of Maine voted to remain "wet."

Peotone Remains Wet.

Joliet, Ill., April 2.—Peotone, in Will county, voted to remain "wet" in to day's election.

The most notable "wet" victories were in Galesburg, Monmouth, Marengo, Taylorville and Carmi. Galesburg has been dry for four years.

In complete returns show that fifteen cities and townships which were wet voted dry and twenty-four which were dry voted wet.

Sixty-three towns and cities which have been dry voted to remain in that column and fifty-four voted to remain wet.

"Wets" Had Advantage.

Chicago, April 2.—One hundred and fifty four cities and towns of Illinois voted dry, but the provisions of the local option law to day.

Returns received up to a late hour indicated that the advantage was slightly on the "wet" side. The "drys," however, were jubilant over a victory they assert they won in Rockford, transforming it to a "dry" city by a majority of 307.

The struggle, while not as keenly contested as in former years, was lively.

Rockford Anti-Saloon.

Rockford, Ill., April 2.—Rockford to day voted to become anti-saloon territory, the majority being 307. Peotonia, which has been in the dry column for the last two years, went wet by a majority of eight. Rochelle went "wet" by 121.

NO SUNDAY THEATERS.

Bloomington, Ill., April 2.—By a majority of 192 Bloomington voters to day voted down a proposition to permit theaters to open on Sunday.

FEDERALS JOIN FORCES.

Monterey, Mexico, April 2.—Reliable reports from Torreon to day say that the federal generals Teller and Aubert have joined forces with this city. Additional troops have reached Torreon from the south.

TUESDAY IN CONGRESS

Senate.

In session at 2 p. m.—Senator-elect Smith and Asst. Surgeon-General of Arizona and Fall and Catron of New Mexico, took the oath of office.

Cotton buyers opposed before agricultural committee bill to regulate selling of cotton futures. General Edwards, insular bureau chief, told finance committee from sugar would bankrupt Porto Rican producers and planters.

Army appropriation bill carrying \$95,314,711, reported. Adjourned at 5:40 p. m. until 2 p. m. Wednesday.

House.

Met at noon.

President Taft in message urged immediate appropriation of \$500,000 to strengthen levees on Mississippi and Missouri rivers.

To prevent further flood damage, Interstate commerce committee favorably reported a bill to amend interstate commerce law and provide rate zones for express companies. Steel trust investigating committee decided not to continue its hearings until J. P. Morgan could testify.

Representative Mott introduced a bill to prohibit premium certificates with tobacco products.

House wool tariff revision bill reported and referred to finance committee. Adopted Lodge resolution requesting president to furnish all information regarding reported Japanese activity at Magdalena Bay, lower California.

Rivers and harbors committee decided to report favorably Representative Ramsdell's bill appropriating \$350,000 for strengthening dams in Mississippi, Missouri and Ohio rivers.

Agricultural committee began hearing on Beall cotton futures bill.

Adjourned at 5:55 p. m. until noon Wednesday.

Chicago Election.

Chicago, April 2.—Twenty-five Democratic and eleven Republican aldermen were elected and bond issues carrying an expenditure of \$5,630,000 were voted in the election here to day.

Bitter factional fight between the Harrison and Sullivan forces marked the Democratic alderman race. The Sullivan followers lost, eighteen of the victorious Democrats being aligned with the Harrison wing. The Harrison Democrats were particularly interested in eight candidates and six of them were elected.

There will be 18 new aldermen in the council. Eighteen present aldermen were re-elected. The Democrats gain five aldermen, making their total strength 45 to 24 Republicans.

The bond issues which carried follow: \$5,000,000 for outer harbor improvements; \$250,000 for bathing beaches; \$380,000 for a contagious disease hospital. The proposed issues which failed to carry were \$2,250,000 for new police stations and \$1,874,000 for new fire engine house.

Generally speaking the election was quiet. Voting started at one polling place and for a time fifty men were engaged in combat. One man was rendered unconscious by a bully. Arrests followed.

Among the aldermen defeated to day was Peter Reinberg, of the twenty-sixth ward. Mayor Harrison's closest north side political ally, and chairman of the local transportation committee. He was beaten by 1,033 votes. Reinberg also held an important place on the non-partisan committee which will re-organize the council under pledges made to the municipal voters' league. This place now falls to a member of the Sullivan faction and leaves only one Harrison member on the committee.

Nebraska Elections.

Lincoln, Neb., April 2.—Licensing of saloons was the chief issue in the town and village elections in Nebraska today and while the changes were not marked, the advantage appears to be slightly with the "wets."

Wisconsin Primaries.

La Follette and Wilson Endorsed for President by Their Respective Parties.

Milwaukee, April 2.—United States Senator Robert M. La Follette of Wisconsin, according to incomplete returns at hand to night, defeated President Taft on the Republican ticket, and Woodrow Wilson defeated Theodore Roosevelt on the Democratic ticket in the state's first presidential preference primary held to day.

Although available returns were scattered, E. L. Philipp, manager of President Taft's primary campaign in this state, conceded to Senator La Follette 23 out of 26 delegates to the Republican national convention. In Superior La Follette defeated Taft by a vote of 1,487 to 278. At Oshkosh and Neenah, Winnebago county La Follette defeated Taft by a 2 to 1 vote. Similar returns were received from Eau Claire, Appleton, La Crosse, Racine, Madison and a number of other larger cities of the state.

Woodrow Wilson's lead on the Democratic ticket apparently equalled that of Senator La Follette on the Republican ticket.

Theodore Roosevelt's name is not figuring to any extent in the presidential preferential primary as his supporters did not have his name printed on the ballot.

DECLARED INELIGIBLE.

Urbana, Ill., April 2.—Pitcher Frank Prindeville of the University of Illinois, has been declared ineligible to compete in conference meets.

The conference eligibility committee refused to reinstate him after the Illinois board of athletic control had petitioned it to declare him eligible.

He played a few innings with the Chicago Red Sox last year and although he received no remuneration for his work, it was enough to bar him from amateur competition.

DEFEAT WOMAN SUFFRAGE.

Boston, April 2.—The house today 127 to 83 defeated woman suffrage. The senate already had accepted an adverse vote on the suffrage bill.

DEFEATED FOR RE-ELECTION

MAYOR SEIDEL LOST OUT FOR MAYOR OF MILWAUKEE.

Dr. G. A. Bading, Non-Partisan Candidate, Elected by Majority of Over 13,000—Socialists Lose Control of Council—Other Elections.

Milwaukee, April 2.—Dr. G. A. Bading, non-partisan candidate for mayor, to day defeated Mayor Emil Seidel, the Socialist incumbent, by a total vote of 43,177 to 30,200.

Of the thirty-three aldermen elected to day 26 are non-partisan and seven Socialists. With four Socialists and hold-over aldermen the new city council will be composed of 26 non-partisan aldermen and 11 Socialists.

Among supposed causes for the defeat of the Socialist administration were high taxes, charges of extravagance and allegations that several leading officials had made blunders in the administration of their offices.

Non-partisan leaders also charged that the mayor had created numerous positions for Socialists, some of whom were brought here from other states.

Chicago Election.

Chicago, April 2.—Twenty-five Democratic and eleven Republican aldermen were elected and bond issues carrying an expenditure of \$5,630,000 were voted in the election here to day.

INSIST ON UNION RECOGNITION

LAYOFF IN ANTHRACITE REGION MAY BE PROLONGED.

Sentiment Among Workers Is Crystallizing in Favor of Longer Fight—Several Instances of Violence Reported Yesterday.

Philadelphia, April 2.—Sentiment among the workers in the anthracite region seems to be crystallizing in favor of prolonging the layoff until the operators grant recognition of the union. At a meeting held to day in Nanticoke, near Wilkes-Barre, a thousand miners declared that they would not accept a 10 per cent increase unless it was accompanied by union recognition. When one of the speakers announced that President Baer had said that the miners were not strong enough to strike, a score of workers jumped to their feet exclaiming, "Well, we'll show him."

Both operators and miners, however, seem content to await the result of the conference to be held in this city on April 10 and none of the large companies made any attempt to work their breakers to day.

While peace prevailed generally throughout the fields, several instances of violence were reported during the day. The most serious was at Mifflin, where a heavy loss employed in one of the collieries was probably fatally injured in a fight.

Balloting Finished.

London, April 2.—The balloting of the miners on the question of terminating the coal strike has finished, but the official returns will not be available until to-morrow.

Under the rules of the miners' federation a two-thirds majority is necessary to authorize a national strike, and it is a question of doubt whether a bare majority will suffice for the continuance of the strike.

Both the president and the secretary of the federation express the opinion that the legislative will decide that a two-thirds vote is necessary for a continuance of a strike, and that at a meeting of the legislative body to be held on Thursday the men will be advised to resume work.

Meanwhile more than 50,000 members have resumed work and if the decision is against re-starting the mines it is certain thousands of men who are desirous of working, will disregard it.

King George, Queen Mary and the Queen Mother Alexandra have contributed \$5,000 each to the relief of the widespread distress.

OPPOSE FREE SUGAR

Committees From Porto Rico on Way to Washington to Plead Their Cause.

New York, April 2.—Five members of the Porto Rican legislature, four members of the Chamber of Commerce of Porto Rico and three members of the Porto Rico Sugar Growers' association, making up three committees, arrived here to day on the way to Washington to protest to congress against a reduction of the sugar tariff. All three committees will plead the same cause, namely that the "free sugar bill" recently passed by the house of representatives and now pending in the senate, means inevitable ruin to two-thirds of the business of the island, if passed.

The sugar growers gave out a lengthy statement of their arguments here to night, in which it was declared that sugar growing and manufacture and allied industries constituted three-fourths of Porto Rico's production to day, representing an extraordinary progress and the employment of a great deal of capital, largely on borrowed money. The industry has been built up, it was stated, on the certainty that it would be reasonably safe guarded by the American government.

MICHIGAN GOVERNOR INJURED.

Lansing, Mich., April 2.—Governor Shorn while out tramping alone in the woods southwest of this city this afternoon slipped into a snow-covered hole and fractured the bones of the left foot. In this condition he hobbled a mile and a half to a factory just inside the city limits and telephoned for assistance. He was taken to his residence about two hours after the accident occurred.

MEXICO FACES DEFICIT.

Mexico City, April 2.—For the first time in twenty years the Mexican treasury faces a deficit of approximately \$4,750,000, gold. This is shown in estimates furnished by the treasury department to congress for the fiscal year of 1912-13. The deficit will be made up by increased taxes on lotteries, tobacco and liquor.

Other Elections.

East St. Louis, Ill., April 2.—The Progressive Citizens' party elected all of its nominees in today's municipal election.

In Belleville, the Socialists elected three to the city council.

The entire labor party ticket was elected in Venice.

THE FLESH MAKER

THIN MEN AND SCRAWNY WOMEN CAN GAIN A POUND OF GOOD SOLID FLESH DAILY

Money Back in Any Case Where Samose Fails to Increase the Weight

WEIGH YOURSELF BEFORE USING.

When you start using Samose, the great flesh forming food, the wonderful sale of this preparation since first introduced in Jacksonville and the remarkable results following its use have made Coover & Shreve such enthusiastic believers in the great value of Samose that they give their personal guarantee to refund the money if Samose will not make thin people fat and restore strength and health to those who use it.

This is a strong guarantee, but they have seen so many of their customers who a few weeks ago looked like walking skeletons become plump and well, solely through the use of Samose, that they feel they cannot say too much to induce people to try it.

This marvelous flesh forming food is assimilated as soon as it is taken into the stomach makes good, rich blood, tones up the weakened system, helps to assimilate the food and makes the user plump, well and rosy.

HOW TO GAIN HEALTHY FLESH.

Coover & Shreve Advise Thin Folks to Use Samose.

While thinness may not be a disease, yet it is in reality a condition that needs attention. Under the nourishing power of Samose healthy, natural flesh will soon be attained. This remarkable flesh forming food strengthens the system generally and builds up the fleshy tissues so that the good natural plumpness results.

An ounce of flesh is better than a pound of theory. Coover & Shreve believe that the best possible demonstration of the flesh forming power of Samose is to have it tried by their customers and not to induce them to use it if they offer to pay for the Samose in case it does not give satisfaction. No stronger proof than this can be given of their faith in it. They have seen hundreds who were weak, thin and scrawny, become plump, robust and strong, solely through the use of Samose. Ten days' treatment for 50c.

THIN FOLKS MADE FAT.

Good, healthy flesh can only be gained by the use of the proper food, together with natural action. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy, should use Samose, the great flesh forming food and health restorer. Weigh yourself before commencing to take these little tablets and see how your weight increases from week to week. Large box for 50c.

Samose does not contain a particle of starch or pepsin, nor is it any unappealing preparation, such as is usually recommended to make people fat and which does not build up good healthy tissues. Samose has valuable flesh forming properties, tones up and strengthens the whole system, helps the food that is assimilated in a natural manner and absolutely restores health to all organs.

If you are not perfectly satisfied with the result from Samose Coover & Shreve will return your money without quibbling.

William M. Cleary For Representative

Prominent Farmer of Morgan County Seeks Nomination on Democratic Ticket—Stands For Progressive Democracy.

William M. Cleary, a prominent and prosperous farmer of Morgan county, is one of the strongest contestants for the place on the Democratic ticket for Representative from this district. Mr. Cleary is a type of the American farmer who does things. He stands for the best and most progressive principles of Democracy. Although not a politician, Mr. Cleary is a close student of affairs. He has resided during his entire life in Morgan county, owning a large farm about six miles east of Jacksonville.

Mr. Cleary believes in a better grain inspection at the Chicago and St. Louis markets; free seats for the public at the State Fair; better country roads, and all fundamental and Democratic principles; and strictly opposed to the Moblie bill. He believes that Morgan county should have a representative in this district, and he comes before the voters with a clean record and intent purpose to serve this district fairly and impartially. Mr. Cleary is 50 years of age and a man of family.

QUICK RELIEF FOR RHEUMATISM. George W. Koons, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful relief for rheumatism. She had it in her hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast. Sold by L. P. Allcott, druggist."

ROOSEVELT IN ILLINOIS. Will Speak at Many Points in the State.

Chicago, April 2.—Col. Roosevelt's campaign managers announced tonight that the colonel would speak at as many points in central Illinois as it would be possible to crowd into his program. It was said the points at which he would speak had not yet been selected. It was announced as probable that he would remain in Illinois until Monday afternoon. Springfield, Ill., April 2.—Former President Roosevelt, candidate for the Republican nomination for president, will speak in this city next Saturday evening. Word to this effect was received tonight from Champaign, Ill.

Monday, the day before the primary, Roosevelt will invade Congressman William B. McKinley's district, the nineteenth. Roosevelt will speak at Decatur and one or two other cities in the district.

Monday former Congressman F. Caldwell, candidate for Democratic nomination for governor, will speak at a Caldwell rally here. On the same evening, Coover & Shreve and druggists

of Jacksonville are expected to have a large crowd at the Caldwell rally.

IMPROVEMENT BOARD WILL MEET TODAY

Pavement for East Court Street and Sewer for South Mainville Street Proposed.

Mayor Davis called a meeting of the board of local improvement, for this morning when the matter of a sewer for South Mainville street will be considered. It is the plan to construct the sewer from College avenue south to the brook and the improvement will probably be ordered.

Another improvement, which will be considered will be the paving of East Court street, between North East street and Brown street. Commissioner Engel has taken the initiative in the movement for this work and has been circulating the petition for property holders to sign. The specifications for the work prepared by Engineer Henderson call for a gravel foundation and for sand filler. There seems to be a tendency now to use sand or fillers again by place of pitch or gravel. The sand filler is much cheaper than gravel and does not result in making the surface of the pavement suck.

When advertisement is made for the work on East Court street bids will also be asked again for the Franklin street pavement. As no action was taken within twenty days after the bids were opened last time for this work they have lapsed. In order to make as little expense as possible therefore bids for Franklin street will be asked in connection with the Court street job. Some other work is likely to come before the board this spring and summer as several jobs of retopping have been spoken of by property owners.

JACKSONVILLE TO HEAR SENSATIONAL MUSICAL SUCCESS.

The greatest success of recent years, "The Love Tales of Hoffman" is the verdict not only of New York and Chicago, where "The Love Tales of Hoffman" has been heard in this country, but also in London, Paris, Berlin and other music centers of Europe, where this wonderful opera is the rage.

"The Love Tales of Hoffman" is one of the few comic operas that has ever been allowed at Covent Garden, London, and when the Sheehan English Opera company secured the English performing rights to this masterpiece it acquired what is without doubt the one great success of the season, and one which is setting a new standard in America for comic opera.

"The Love Tales of Hoffman" will be heard at the Grand Opera house Tuesday evening, April 9, with the most remarkable company of artists that ever appeared in comic opera in this country, headed by Joseph F. Sheehan, America's greatest tenor.

SPRING DRAWS NIGH

A

THE buds are swelling on the trees, soon to burst forth in foliage and spread their effulgence o'er all the land, so is this store filled, as it were, to the bursting point with crisp new merchandise, to prepare you for the arrival of spring. Again we demonstrate that oft repeated phrase—that no where else in Jacksonville can you find such a choice collection of materials as here. Each season brings forth new ideas in both fabrics and the manner of designing, and each season we are the first to show them. In selecting dress material from our stock it is not a matter of "finding something you like" but of satisfying your individual preference from amongst a great host of acceptable styles. We await the pleasure of your call. Anything you want in the dry goods line is here, but we call your special attention to our Wash Goods, White Goods and Gingham.

Our White Goods line consists of Flaxons, Sherrettes, Voiles, Marquisettes, Bengaline, Soisette, Poplin, Pongee, Percalles, Linen Dunbar Suitings, Auto Cloth, Dress Linen, Paris Crepes and Plisse Crepes. In the Wash Goods you will find Holly Batiste, Printed Imperial Batiste, Sherretter, Claremont Batiste, Poplins, Mercerized Plisse, Nearsilk Foulard, Embroidered Cliffra, Vaca Silk, Mulls, Silk Stripe Voiles, Silk Pongees and Chiffon Lisse, truly a choice collection.

TELLS WEIRD STORY

Mulatto Girl Claims She Killed 17 of 35 Negroes Mysteriously Murdered in South.

LaFayette, La., April 2.—A mulatto girl, 19 years old, told the police here today that she, as high priestess of a negro cult, the "church of the sacrifice," had killed with her hands 17 of the 35 negroes mysteriously murdered in southwestern Louisiana and Texas towns during the last four months. Two other women and two men, she said, members of the cult, had participated in these sacrifices, which she, Clementine Barnabet, had directed.

She gave the police names which she said were those of the women but would not identify the men and tonight the authorities are seeking corroborative evidence. The grand jury is in session but it is not expected to return indictments until confirmation of the remarkable story is obtained. Several negro families were exterminated, an ax being the instrument in every case and used as they slept. The negroes of the countryside have been terrorized for months. Other families had been marked for death, the girl said, and would "pay the sacrifice."

Clementine is strong and robust and does not appear demented in spite of the story she tells. Systematic search will be made for the woman she named and the authorities hope to be able to clear up the mystery. Included in the murders were those of two families of four each here, a family of five at Rayne, a family of four at Crowley and a Lake Charles family.

In the case of the Andrus family murder here in February, the woman appeared as chief witness against her father, Raymond Barnabet, who was convicted and sentenced to be hanged, though later he was granted a new trial. She now declares her father was innocent.

DISCUSSES LADIES' HATS.

We had hoped the fashions in hats would change into some conformity to shape tolerable to reason, or taste or a man's pocketbook; or adaptable to the proper sphere of human beings. But they still lack taste, style, proportion, elegance, simplicity or neatness and stand out in every conceivable shape, color and size. Ladies' hats are especially observable when they wiggle and droop at the time you want to see the speaker in church. The thing is becoming desperate. We are tired of going to church to study millinery. Where is a relief for the hat mention. All hats paid for should be taken off and women who believe in the rights of others should most certainly remove the grotesque riggings from their head.

THE PASSION PLAY.

Large audiences are showing their appreciation of the free stereopticon lectures at the M. P. church at Chapin. Easter night, April 7, the Passion Play as given at Ober Ammergau in 1910, will be presented. A touching drama of the life of Christ from his birth to his ascension. A cast including Christ, His disciples, Pilate, King Herod, with 500 Roman soldiers and chorists. Mr. Harry Onken will also sing "The Ninety and Nine," illustrated with ten pictures.

A number of ushers will attend to the seating of the people at this popular free Sunday evening service of nearly 100 beautifully illuminated views.

Mr. Schumaker is one of the oldest engineers on the Great Northern railroad, having been in the service for 21 years. He runs on a passenger engine. Two years ago Mr. Petrie and Mr. Schumaker happened to be in California and their journey together for four months and quite a friendship grew up between the two men. Mr. Schumaker is on his way for a visit to Hot Springs, Ark.

AT THE GRAND.

Bailey & Austin in "Top O' The World" was the attraction Tuesday night at the Grand and layed to a large house. This show has some splendid features in musical comedy, spectacle and pantomime and was given by a good company, being well received. Hazel Rice as Maida, a little girl who wants to grow up, is a very clever actress and gave a faithful interpretation of the character assumed. Fred J. Bailey as "Jack-in-the-box," also was especially good in his part. The scenery was appropriate and elaborate.

JAMES H. DANKIN FOR STATE'S ATTORNEY.

To the Voters of Morgan County: Nov. 8, 1911.—Ernest A. Seroggin, state superintendent of the Anti-Saloon league, wrote me from Chicago: "I want to congratulate you on your victory of yesterday. I believe your success was due, more than anything else to the thorough organization work, which you yourself superintended. I tell you there is great rejoicing in this camp to day over the fact that Jacksonville stayed in the dry column. So we congratulate you and thank you."

The president of the Jacksonville Anti-Saloon league wrote: "Mr. Dankin's services in the last local option campaign were the most important factor in determining the outcome of the election."

The Illinois Courier said: "A large part of the credit for the third victory of the drys is due to the efforts of Mr. Dankin, who had personal charge of the work of organization. Thanks to him the drys had most of their known vote registered before noon."

I submit these words of recommendation to the voters, with the suggestion, that the man, who thus openly labored to make Jacksonville anti-saloon territory, may be trusted without coaching or nursing to see that the people get what they voted for in the enforcement of the law of their own making.

Respectfully,
James H. Dankin,
Candidate for State's Attorney.

VOTE FOR LEN. SMALL THE KANKAKEE FARMER CANDIDATE FOR THE REPUBLICAN NOMINATION FOR GOVERNOR

Primary Election Tuesday, April 9, 1912.

Len. Small of Kankakee, the downstate candidate for the Republican nomination for governor is a practical farmer and business man.

He is a candidate against even lawyers and is better qualified to represent the agricultural and business interests of the state than any other candidate for the nomination to govern. Other states have elected farmers and business men for governor whose administrations have proven unqualified successes.

Minors needs less oratory and more business in the governor's office. Our state expenses have practically doubled in the past eight years under a states attorney governor. Will not try a business administration for the next four years and save the people from the great burden of increased taxation.

Len. Small is a self-made man accustomed to hard work. He has lived all his life on the farm and knows the needs of the man who toils. He is a man of the common people, and stands for the workingman's interests and welfare. He is broad minded, liberal and fair and a man whom all the people can trust.

Every farmer knows that the primary election was set by the states attorney governor to come at the busiest season of the year and the rush of farm work keeps many from the polls. Will not every farmer make a sacrifice of a part of the day April 9 to go to the polls and vote for the farmer candidate, Len. Small?

Len. Small has always been one to the Republican party for indorsement and has never been defeated by the people at the polls. A vote for Len. Small is a vote for a winner, because he will carry Cook county by the largest vote given any candidate on the Republican ticket and will poll more votes than any other man.

Trying a Joke.
Some years ago in a North Carolina court, Judge Shipp presiding, the trial of a cause had been protracted till near midnight. The jury were tired and sleepy and showed flagging attention. Willie Murchison, who was addressing the jury, thought to arouse them, so he said, "Gentlemen, I will tell you an anecdote." Instantly the judge, the jury and the few spectators picked up their ears and were all attention, as Murchison was admirable in that line, had a fund of anecdotes and no one could tell them better. But he soon proceeded to tell one of the dullest, prosiest and most pointless jokes possible. Everybody looked disappointed. The judge, leaning over, said in an unmistakable tone of disappointment, "Mr. Murchison, I don't see the point of that joke." "Nor I either," replied the witty counsel. "But your honor told it to me on our way down here, and as I thought the lack of appreciation must be due to my obtuseness I concluded to give the joke a trial by jury."

Remarkable Feats of Strength.
Louis de Roufflers, who lived in the sixteenth century, could break a bar of iron with his hands. The strongest man could not take from him a ball which he held between his thumb and first finger. While standing up, with no support whatever, four strong soldiers could not move him. He remained as firm as a rock. Sometimes he amused himself by taking on his shoulders his own horse, fully harnessed, and with that heavy load he promaded the public square, to the great delight of the inhabitants. At about the same time there lived a Spaniard named Pedro, who could break the strongest hand-locks that could be put around his wrists. He folded his arms on his chest, and ten men pulling in different directions with ropes could not unfold them. Augustus II., elector of Saxony, was a man of great strength. He could carry a man in his open hand.

I hereby announce myself a candidate for the Republican nomination for member of the board of education in the fourth ward, subject to the decision of the Republican primary.

DEATHS AND FUNERAL

Price.
The funeral of Mrs. Orpha Price was held at 2 o'clock Tuesday afternoon from the Emory Baptist church in the presence of a large gathering of relatives and friends. The services were in charge of Rev. Mr. Russell, the pastor, and the singing was by the church choir. The many beautiful flowers were kindly cared for by Mrs. Rice, Mrs. Corbin, Mrs. Williams and Mrs. Hogan.

Interment was in Jacksonville cemetery and the bearers were Robert Stewart, Sr., Robert Stewart, Jr., Robert Lewis, Jr., Edward C. Lewis, Earl Blue and John C. Hogan.

Heffernan.
The funeral of Pearce Heffernan was held at 9 o'clock Tuesday morning from the Church of Our Saviour in the presence of a large concourse of relatives and friends. Solemn high mass was said by Rev. Father O'Donnell.

Interment was in Calvary cemetery and the bearers were M. Carroll, Daniel Keating, Morris Gorman, Timothy Keating, P. J. Leonard and James Beguel.

Pelham.
R. E. Pelham received word yesterday of his brother, C. Pelham, who lived at Salisbury, Ill. Mr. Pelham expected to start at once to attend the funeral.

SUSAN WACKERLE WEDS IN MISSOURI

Marriage to Frank E. Wolter on March 14 Kept Secret a Long Time—Will Reside in Hutchinson, Kansas.

Announcement of the marriage of Miss Susan Wackerle and Mr. Frank E. Wolter will come as a great surprise to their friends. The young people were married March 14 at Bowling Green, Mo., by the pastor of the M. E. church of that place. During all this time they succeeded in eluding their friends. Monday the young people arrived in Jacksonville and it was then that a few of the relatives were let in on the secret.

No young people are more favorably known in Jacksonville than Mr. and Mrs. Wolter. The bride is the daughter of Mrs. Mary E. Wackerle of Meredosia, in which place she was born and reared. For a number of years she has made Jacksonville her home and has been a student both in the literary and musical department of the Woman's college. She is a singer of considerable ability and possesses a sweet voice. She is a girl of lovely disposition and pleasing personality.

Mr. Wolter is the son of Mr. and Mrs. Matthew H. Wolter of 118 Hardin avenue and has always made Jacksonville his home. He also is a musician of worth, making a specialty of the cornet. He was employed in J. Bart Johnson's music house while in the city. He is a young man of fine character and commands the respect of his large number of friends. He was a member of the Jeffries band and he expects to go to Hutchinson, Kans., where he will further his musical work with Mr. Jeffries.

Mrs. Wolter went to Meredosia last night to visit with her mother and other relatives and Mr. Wolter will visit with his home folks here for a short time, after which they will go to their new home in Kansas and where they will carry with them the best wishes of a host of admiring friends.

ELECTIONS IN MISSOURI.

St. Louis, Mo., April 2.—Of twenty-six cities and towns outside of Kansas City and St. Joseph, which elected municipal officers today, thirteen chose Democrats, six Republicans and seven non-partisans.

Republican mayors were elected at Bonneville, Salem, Macon, Carthage, Lebanon and Springfield.

Democratic mayors were elected at Scalesia, Fulton, Montgomery City, Mexico, West Plains, Pacific, Washington, Monroe City and Hannibal.

Citizens' tickets were elected at Brookfield and Hartsville. At Bismark, Mo., the "wets" won today's local option election.

WILL EMPHASIZE SCHOOL ADVANTAGES

Jacksonville Business Men's Association Seeks to Attract Visitors to the City.

The Jacksonville Business Men's association is now sending out to principals of high schools, to other educators and to those generally who they think may be interested in such matters, an invitation to come to Jacksonville and visit the various educational institutions. The plan is not to prepare special programs for the entertainment of visitors, but to have them come to Jacksonville and get an adequate idea of the regular daily work which is done in the schools, colleges and other institutions here. It is believed that visitors will really get more benefit from their trips here and the schools will be helped more if just the regular work is shown than if special preparations are made for visitors.

The committee from the Business Men's association having the matter in hand feels that there are many persons who are seeking information about school and colleges for their children or for children under their guidance who will be glad to avail themselves of the invitation to familiarize themselves with educational conditions in Jacksonville. The whole plan is certainly laudable. The letter being sent out is as follows:

Our city has been noted for many years for its schools and colleges. We have a combination of schools that are not to be found in another city in this state and possibly not in the United States. We believe that a visit through them is an educational opportunity worth while for any young man or woman seeking an education. For this reason we are extending to you and to the members of your high school an invitation to come in a body and make them a visit. It is not proposed to make this visit along lines of entertainment, rather view the serious work of the schools and their equipment in actual operation.

We will furnish you and your party guides to direct you during your stay in the city, that you may accomplish this during a one day's visit, and everything will be done to make your visit pleasant and profitable as possible.

You are asked to come on a Monday or Saturday, for the reason that all of the schools are not in session on these days.

The schools to be visited include the Illinois Woman's college, with its equipment for teaching domestic science, art studios, laboratories, music, also a splendid gymnasium. Illinois State school for the Blind, the wonderful methods employed for the education of these children, a worth a trip in itself to see. Illinois college with its complete laboratories, and buildings devoted to higher educational work will interest every student and person who has not been in a position to visit such an institution, you will have an excellent opportunity to see the methods they employ and no doubt many advanced ideas will be gained for a teacher as well as for the student.

Illinois State School for the Deaf is another wonderful institution to visit as you will have an opportunity to see the infants just commencing to those who have finished their education and all together the results attained at such an institution will be a great revelation to those who have never seen the work they do and accomplish. Then we have our splendid high school, Brown's Business college, and the Rount college. In addition to the above altogether it will mean for you to spend a very busy day to make this visit.

If you will advise us what day you expect to come we will arrange for your visit and your party need not be limited to numbers and we believe that what similar excursions have accomplished for athletics this will accomplish in an educational way for your school and would be pleased to have you promote the same and advise us of the decision your students come to. Kindly let us hear from you and oblige.

AN APPEAL FROM CAIRO.

Quincy, Ill., April 2.—An appeal was received here from Cairo to night in the form of a telegram calling for 500 men to go to that city to help in controlling the water. Similar appeals have been sent to other towns throughout this section of the state, and in 24 hours, several thousand men will probably be assembled at Cairo.

RESPONSIBILITY WAS NOT FIXED

QUESTION HAS BEEN PASSED TO
GRAND JURY.

Coroner's Jury Renders Verdict in
Case of Two Men Shot During
Rock Island Riot—McCaskrin
Starts Speaking Again.

Rock Island, Ill., April 2.—Responsibility for the deaths of Frank Kellogg and Raymond Swingle, shot in the riot of last Tuesday night, was not fixed by the verdict of the coroner's jury returned to night, this formality having been passed to the special grand jury, which is expected to return its findings tomorrow.

The verdict of the coroner's jury simply states that the men died of bullet wounds received during an attack by a mob upon police headquarters, during which the officers fired in the defense of their lives.

Frank Ward, a gun expert, testified before the coroner's jury to day that an investigation showed that Kellogg and Swingle both were killed by bullets from 32-calibre revolvers, thus disproving the charge of the opponents of the police that the police had killed the two victims. Ward found that all of the weapons used by the police department were 38-calibre.

Harry M. McCaskrin, Republican candidate for the Republican nomination for state's attorney, announced to day that he would speak tomorrow night at a theater in Moline.

McCaskrin, in his speeches, is defending John Looney, publisher of the Weekly News, whom Mayor Schriver assaulted and sent to a hospital, after the publication by Looney in his paper of a sensational attack upon the mayor.

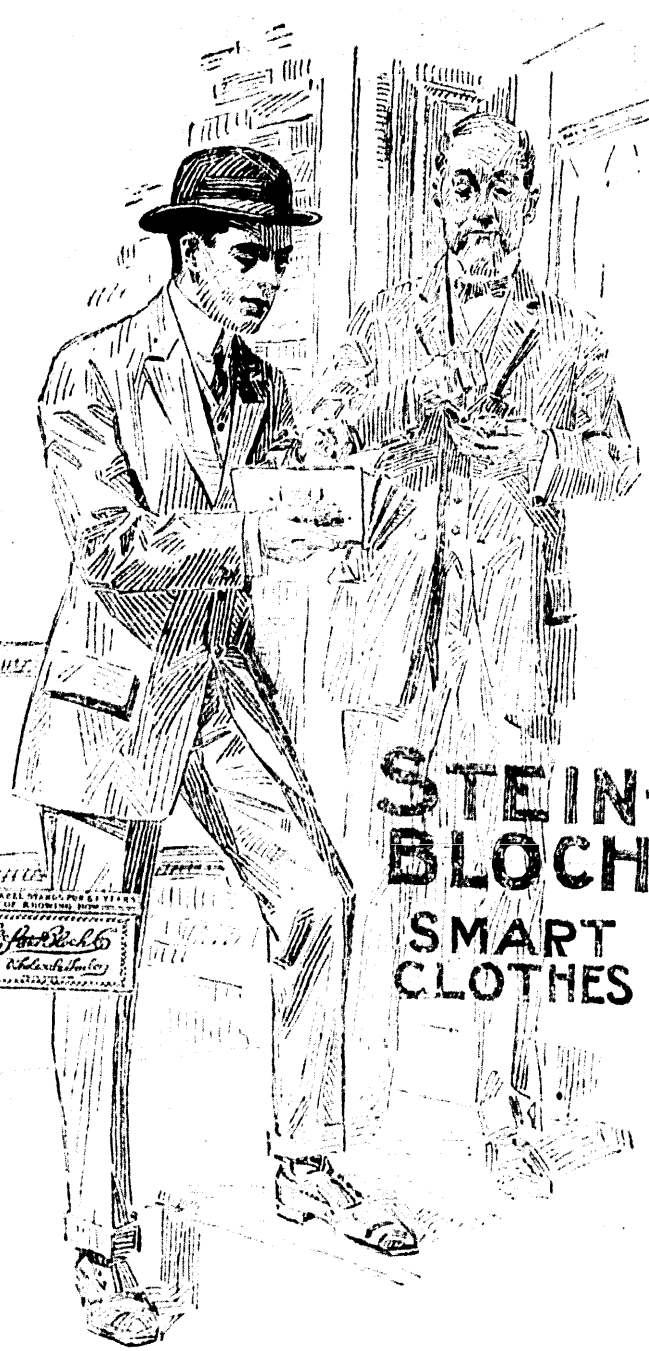

In the township election to day there was a notable gain by the Socialists, due it is believed, to the clashes during the last week between the rough element and the police and the bringing of state troops to the city.

An incident of the week's trouble was the completion to night of a \$125,000 public subscription for the erection of a new Y. M. C. A. building, the campaign occupying several days.

Garm Norbury has been a patient at Our Saviour's hospital since Sunday night.

THREE MEN DROWNED.

Lost Lives When Skiff Struck Pier of Bridge and Sunk.

Cedar Rapids, Ia., April 2.—Three more lives, five within the week, were claimed by the Cedar River here today. With the water a raging torrent, and over the banks in many parts of the city, three young men, W. K. Sheets, James Shoulders and George Myers, started out in a skiff, at the rapids of the river the boat struck the pier of a bridge there and their boat sunk. Their cries for help were heard by pedestrians and men rushed to the banks, found boats and went to their rescue, but in the gathering dusk the swiftly moving current had claimed its victims long before they could reach them.

PROPOSITIONS CARRY.

Peoria, Ill., April 2.—The referendum proposition for a city tuberculosis sanitarium and the issuance of \$50,000 bonds for levee improvement

both carried by a majority of 3 to 1.

ADDITIONAL FLOOD NEWS

A Serious Question.

Hickman, Ky., April 2.—With the Mississippi river levees broken on both the Kentucky and the Missouri shores, the stores here flooded, factories inundated, 2,000 persons homeless and railroad service stopped, the question of shelter and food are becoming serious here.

The break in the railroad levee at West Hickman tonight was hundred feet long and water, which has not yet reached its maximum, is already up to the second stories of some dwellings in the low lands.

Late last night the levee on the Missouri side opposite Hickman gave way but the farmers had been warned in time and escaped to a church which stands on a hill. There they were discovered this morning and rescued in launches.

New Madrid, Mo., just below the break is inundated. The water has reached depth of one to five feet in the streets and is rising.

Situation at Memphis.

Memphis, Tenn., April 2.—With the greatest volume of water in its history racing down the Mississippi river, the main banks of the great waterway remained intact tonight but private levees are breaking and whether the main revetments, rain-soaked, can withstand the two feet or more of water predicted is problematical. Government engineers assert the levees are in better shape than during any previous flood. But it is pointed out by experienced river men the strain will be greater than ever before the they are less optimistic than the government men.

In the vicinity of Cairo, Ill., two outside levees broke today. These outlets have relieved to some extent the strain at Cairo and has given those fighting to hold the water within bounds at that city fresh hope.

At Point Pleasant, Mo., where the river went through several days ago, a mile of levee is gone. The low lands are flooded from a depth of from four to five feet and water is pouring into the St. Francis river basin.

Linda, Mo., is threatened. At this point the bank has caved to a point of danger and every available man is at work building a short loop around the danger zone.

In the Memphis district the White River front is giving the great concern. Tonight the water is near the crest of the embankment and before the highest stage is reached, it is probable the levee will be topped. South of Memphis the levees are holding but many thousands of acres outside the main embankments are under water and the inhabitants have sought safety on the hills.

Train service is demoralized. The Illinois Central railroad is sending northbound trains through several feet of water and along the Louisville & Nashville water is gradually covering the tracks.

An Appeal From Cairo.

Springfield, Ill., April 2.—Governor Deneen tonight was appealed to by Mayor George Parsons of Cairo, with a request that the local company of the state militia be ordered to assist in the work of protecting the levee from the flood waters of the Ohio and Mississippi rivers. Company K, fourth regiment, Illinois National Guard, was ordered on duty to patrol the levee.

One hundred state tents were sent tonight to Mounds, where many families have been driven from their homes by the floods. One hundred and twenty-five tents to house flood refugees were sent to Shawneetown earlier in the day.

The flood situation at Cairo is regarded as extremely serious and most of the business houses in the city have been ordered closed in order that all available men be used in the work of protecting the levee.

A Cold, LaGrippe, Throat Pneumonia, is too often the fatal sequence and coughs that hang on weaken the system and lower the vital resistance. Foley's Honey and Tar Compound is a reliable medicine that stops the cough promptly by healing the cause; soothes the inflamed air passages and checks the cold. Keep always on hand. SOCIAL EVENTS.

Mrs. E. W. Brown and Miss Hesse Smith entertained Tuesday afternoon in honor of Miss Mary Masters at the home of Mrs. Brown on West State street. There were about forty guests and in the receiving line with the hostesses were Miss Masters, Mrs. S. D. Masters and Mrs. Arthur Masters. The afternoon was spent in playing bridge whist, prizes being won by Miss Helen Ayers and Mrs. James T. King. Miss Masters received a handsome guest prize. The serving of elegant refreshments contributed to the afternoon's pleasure. The appointments in every way were pleasing and the home was beautifully decorated with spring flowers and potted plants.

Mr. David Clark was host at an informal dinner and dance Tuesday night at Peacock inn in honor of Miss Coral Furr and Mr. D. Leavitt Clark. An elegant six course dinner was served at 6 o'clock and the decorations were of daisies, hydrangeas, sprigging and other flowers. After the dinner dancing was enjoyed until a late hour. Mrs. D. H. Clark and Mrs. W. A. Furr were the chaperons and in every way the affair was most delightful.

The guests present were Misses Coral Furr, Martha Hayden, Louise Gates, Edith Robinson, Lucia Lippincott, Helen Robinson, Lillian Havenhill, Grace Poor, Helen Phelps, Eleanor Capps, Irene Thompson, Edith Jordan, Mabel Matthews, Messrs. D. Leavitt Clark, David Clark, Edward McLaughlin, Paul Furr, John Widenham, Julian Capps, Tracy Alexander, Walter Werble, Albert Swain, De Motte Gates, Warren Case, Horace Virgin of Virginia and Raymond Robinson of Oak Park.

PYTHIAN KNIGHTS AT WHITE HALL

K. of P. District Convention is Attended by Large Delegations—L. B. Turner of This City Chosen State District Deputy.

The annual convention of the Knights of Pythias of the tenth district was held Tuesday at White Hall and was attended by large delegations from all counties, a number being present from this city. The program as arranged by R. L. Dunlap, state district deputy, and the White Hall committee under the chairmanship of H. E. Bell, was a splendid one and the evening session, which was for the public, drew a large audience. The convention next year will be held in Winchester on April 1. L. B. Turner of this city was elected state district deputy to succeed Ralph I. Dunlap.

The convention was honored with the presence of several of the Grand lodge officers, among whom were C. L. Ritter of Murphysboro, grand chancellor; H. T. Caldwell of Chicago, grand keeper of records and seals; J. J. Reeve of Jacksonville, grand outer guard; Fred Maunier of Alton, grand instructor; and Ralph I. Dunlap of this city, state district deputy. The delegates present were as follows:

Cass county—W. A. McNeal, Chandler; C. R. Randolph, Virginia; J. S. Rausch, Beardstown.

Greene county—W. E. Bruner, Rockbridge; Albert Cain, Roodhouse; H. E. Bell, White Hall; H. L. Knudson, Greenfield.

Morgan county—Otis Erney and L. B. Turner, Jacksonville; H. E. Boyer, Waverly.

Scott county—Gay Paul and Edward Rohring, Winchester.

Those given the Grand Lodge rank were Edward Rohring, T. W. Welch, Harvey Hankins, Murrell Markville and J. C. Hawk, of Rockbridge; Albert Cain, W. A. Ralston and J. H. Heflin, of Roodhouse; R. F. Ballard, of White Hall and Otis Erney, of Jacksonville.

The election resulted as follows: State district deputy—L. B. Turner, Jacksonville.

County deputies—Cass, William McDonald; Greene, L. B. Strandroff; Rockbridge, Morgan; N. R. Rohrer, Waverly; Scott, H. E. Kirkman, Winchester.

The business session was held at 2 o'clock in the afternoon. The night meeting was attended by a large audience. Music for this session was furnished by the White Hall orchestra and the Orpheum quartet, composed of L. E. Smith, Earl Richardson, Dr. C. B. Magill and W. C. Vieira. Executive addresses were made by C. L. Ritter, grand chancellor; H. T. Caldwell, grand K. of P. and S. J. J. Reeve, grand O. G. and Fred Maunier, grand instructor. H. E. Bell was chairman of the meeting. Those from this city to attend the convention were J. J. Reeve, L. B. Turner, A. C. Kellough, J. B. Seibert, N. A. Brannon, J. B. Peak, R. L. Dunlap, George McKean, Luther Smith, Dr. C. B. Magill, Earl Richardson, and J. O. Monroe.

STOMACH TATTOOED TO SAVE EXPENSE

Boston Man Posts a Conspicuous Warning to Prevent Ambitious Surgeons From Operating.

A Boston man became sick with an attack of appendicitis, was promptly operated upon and the appendix removed. A year or so later he had another attack of pain in the side so severe that he became unconscious and while thus unable to speak or explain, another surgeon operated upon him for supposed appendicitis, but found no appendix there to remove.

When the patient revived the case was explained to him, much to his own and the mistaken surgeon's chagrin. After his recovery the unfortunate man went to a tattooing artist and had the following legend inscribed across his abdomen: "Appendix removed—don't operate." Thus he prevent any further useless operations.

The United Doctors, those master medical specialists who have their Jacksonville office on the second floor of the Farrell Bank building are almost every day preventing useless and unnecessary operations. Many sufferers from gall stones, chronic appendicitis, stomach, kidney and liver trouble consult them before going to a surgeon and thereby escape the horrors of the knife and the danger of operations. Every week adds to the totality of cures made by the United Doctors in these troubles. One of the many who escaped an operation for appendicitis is N. C. Carlson of Wausau, Nebr., who writes:

"I am now as well as I ever was in my life and I cannot thank you enough for the benefit I have received from your treatment."

"When I commenced with the United Doctors I was barely able to walk. In fact, it was easier to creep than walk such was the pain I had, but now after using the treatment five months I have perfect health. I improved after taking one month's treatment so that I could do almost any kind of work. I had tried many doctors before beginning with you and they all claimed I had appendicitis and advised operating. I owe my present robust health and strength entirely to the United Doctors. I am very grateful for the keen interest they took in my case and wish them success they deserve."

The United Doctors' Jacksonville Institute is open each second Friday and Saturday. The next date on which it will be open is Friday and Saturday of this week. Examination is free.

Mrs. E. E. McCollister and son of Springfield were in the city yesterday enroute to Louisiana, Mo., for a visit with Mrs. McCollister's parents.

As "Ed" Howe Sees Life

Some people never do anything for others, except give advice, and their advice is so good that no one can take it.

You can't pluck happiness out of each fleeting moment, as you are advised to do by the cheerful optimist; you will do well to pluck happiness once a week.

A man's idea of a good seven-up hand is to go in with high and low, and fight for jack and game.

When a man is defeated, he makes as disagreeable a noise in explaining it as a mule does when he is lonesome.

When a man appears who says he is very anxious to help you, as a guaranty of good faith, ask him to give it to you in money.

When you think over a question, don't have your mind made up when you begin.

Every natural thing people do in life they seem to think beneath them.

Going back to a place you've run away from is very humiliating.

Don't raise the devil unless you can handle him when he appears.

SUSTAINS DEFENSE

Judge Thompson Decides in Favor of Sullivan Candidates for Commiteemen.

Springfield, Ill., April 2.—The Sullivan candidates for state committeemen in the 12th, 13th, 14th and 22nd congressional districts won out to day in the Sangamon circuit court when Judge Owen P. Thompson sustained the demurrer of the defense. The petition sought a writ of mandamus to compel the secretary of state to certify the names of the Sullivan candidates to the various county clerks. Later the petition was amended to include the county clerks as defendants.

Judge Thompson dismissed the petition. Judge Thompson held the petition should have been brought in the supreme court. He also gave it as his opinion the petition was faulty because it did not specify the flaws alleged in the nomination petitions of the Sullivan candidates.

The cases were those of Fred Le Roy vs. Dan Dinner, 12th district; A. W. Baston vs. C. J. Dittman, 13th district; Z. A. Poindester vs. John W. Williams, 14th district; Charles S. Burton vs. Jerry Kaul, 22nd district.

JURORS DISCHARGED

Investigation of Testimony of Witnesses Before Lorimer Senate Committee Comes to End.

Chicago, April 2.—Federal investigation of the testimony of witnesses before the Lorimer senate committee came to an end to day. The grand jury which was to have inquired into the testimony of some of the witnesses with a view of determining whether perjury was committed was discharged on what was said to have been orders from Washington.

The report of the senate committee in the Lorimer inquiry and the verdict of the jury in the packers' trial absolving the packers from criminality are believed to have been the controlling factors in the decision to dismiss the federal grand jury. The order discharging the regular grand jury was quietly entered on the court records and almost before the general public was aware that the investigation had ceased the jurors drew their pay vouchers and left for their homes.

It is expected that the grand jury which is now in session will complete its labors and be discharged within two weeks.

None of the federal officials would discuss the discharge of the grand jury or comment on the reasons for its being dissolved.

GOOD HEALTH

How To Keep It — How To Get It Back

In this column we will discuss Health and Disease and questions of general interest will be answered by responsible members of the regular medical profession. Those not proper for publication will be answered by mail if accompanied by addressed and stamped envelope, provided they do not relate to a disease from which the patient is then suffering. For such diagnosis and advice as to treatment consult your family physician.

FOOD FOR THE INFANT.

Milk is the best food for a baby. As the food for a baby is the most important element in its development it is essential that it should be of excellent quality.

Old dame nature arranged that a baby should be brought up on mother's milk and no substitute has ever proved as efficient as good mother's milk. Sometimes a mother gets too tired; does not eat enough food, or food of the right quality; any of these reasons make her milk such poor quality or small quantity that it will not sufficiently nourish her baby. For such a case it is astonishing how taking care of the mother will improve the milk; rest, and a generous diet of good plain food will increase both the quality and quantity of milk. Common sense suggests that tea, coffee, beer and ale in the mother's dietary help to make a poor quality of milk that milk, corn and oatmeal gruels, coconut or chocolate help to make a rich milk. If a mother is ill, especially with tuberculosis, she should not nurse her baby, or she may be so undeveloped she cannot nurse the infant, then artificial feeding must be resorted to. The food is of such vital importance to the baby's mental and physical development it should never be changed without consulting the family physician. There is no more pathetic sight than a little baby that has been fed on half a dozen various foods and shows in its face that it is half starved. Often the relatives have, that the child should have the best of food and care, leads them to take advice, that each new visitor is free to offer, for many people think that any one knows enough to feed a baby, whereas, the truth is, that there is no more difficult problem before a physician than to give to a little baby, deprived of its natural food, a rightly balanced ration.

The very fact that there are so many artificial foods on the market shows that none of them are really satisfactory. The result of the modern scientific study of food, shows that cow's milk, modified to be as nearly like mother's milk, as possible is the best substitute food for an infant. To have cow's milk suitable for a baby it is of prime importance that the cow should be healthy. If a baby is deprived of its mother's milk because the mother has tuberculosis, it would be the height of folly to feed the baby milk from a tuberculous cow, or from herd milk, unless the cows had been tested for tuberculosis, for one tuberculous cow in a herd can contaminate the milk from the whole herd.

It is now known, that the enlarged cervical glands, that many children under five suffer from, are usually due to tuberculosis contracted through drinking milk contaminated by the tuberculosis germs.

We need a law in Illinois making it compulsory to allow milk to be sold from tuberculin tested cows. Each one who buys a cow can hasten the day when we will have such a law if he will insist on the owner testing his cow with tuberculin before he will consider buying. It is not only

necessary that the milk to be fed a baby should be free from germs of tuberculosis but that it should be clean, free from a large number of our most perishable food stuffs, hence requires a great deal of care in handling. On its journey from the cow to the baby it runs the risk of contamination by every one who handles it. If the dairyman milks with dirty, germ-laden hands or is sick with a germ disease he can send to the baby the seeds of illness, and so on down the line. Also of course, after the milk comes to the baby's house if it is not kept cold and covered until ready to use, it will deteriorate. To keep milk free from disease germs and clean, i. e. free from particles of manure and the dust of the stable and dirt from cans and bottles, is not only possible but such milk is easily obtainable. It will develop in great numbers in milk that is cooled as soon as taken from the cow. Every housewife knows that if she wishes sour milk she has only to warm it, for the process of souring milk is the development of a certain kind of germ that grows much faster in warm than cold milk.

To prevent, to get pure milk for a baby that is so unfortunate as to be unable to have mother's milk, it is necessary that, first, the milk should come from a healthy cow; second, that it should be handled by people who are clean and well and put in clean utensils; third, that it be kept cool (50 to 60 degrees F.) on its way from the cow to the baby.

To modify cow's milk so it will closely resemble mother's milk requires an expert, so for that work call on the family physician.

A baby should be fed on breast milk alone until nine months old, then the weaning process may be begun by giving it one feeding of cow's milk a day, gradually increasing the cow's milk feedings so when the child is about a year old it is taking only cow's milk.

Water is a necessary part of an infant's dietary. In Jacksonville, in order to be sure that the water for the baby is pure, boil it twenty minutes. A little baby needs to drink at least two ounces of water a day. Don't forget to increase the quantity of water as the baby increases in size.

Air is another essential to the proper development of a baby. Have the infant sleep in the day-time, on a sheltered porch in the cold and cool weather. In the hot weather in the coolest room in the house with all the fresh air possible in the room. At night have fresh air in the room except on a zero weather. Remember that the boggy of "night air" is only a boggy and foolish one at that, for what air have we, pray, but night air or a goodly part of the twenty-four hours, and a kind Providence certainly did not give us only air that is deadly to breathe for a part of the twenty-four hours. Until a year or a year old, we are speaking of a normal baby, feed it only fresh air, pure water, breast milk and pure cow's milk. With only four articles—air, water, breast milk and cow's milk—on the menu it should be easy to obtain them. Is it?

AVOID HARSH DRUGS.
Many Catholics Tend to Cause Injury to the Bowels.
If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They do no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction, and completely remedy constipation. This preparation is called Ilexal-Orderlies. These are prompt, soothing, and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless, and colorless. Combined with other well known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time either day or night, without fear of their causing any inconvenience whatever. They do not grip, purge, nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages, 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Remember, you can obtain them only at our store—The Retail Store, Lee P. Alcott, east side square.

Charles H. Gibbs of Lynville was transacting business in the city yesterday.

THAL OF LEWIS
Organizer of Correspondence School Testifies.
St. Louis, April 2.—Sidney Morse, formerly identified with the editorial departments of New York publications and later associated with E. G. Lewis as organizer of the People's University. Lewis' correspondence school, testifying to day regarding the organization of the university, Morse said 50,000 women were at one time enrolled with the school.

Morse said he came to St. Louis at Lewis' request to investigate the possibilities of the American Women's league, and that originated the idea and negotiated the contracts for the correspondence schools.

Attorneys for the defense said to night Lewis would be put on the stand Thursday.

AN INGENUOUS MAP.
In one of Brady Brothers' show windows a map of the United States constructed entirely of various kinds of seeds laid down on the floor of the show window and occupying nearly the entire space a good many feet each way. In constructing the map, Charles Godfrey, one of the clerks, drew it entirely off hand except one of the coast lines and by the seeds of various kinds of seeds he managed to give the outlines of all the states and territories and the proportions are generally wonderfully near correct. The work is certainly most ingenious and required seeds of many kinds of vegetables.

BACKACHE ALMOST UNBEARABLE.
Is an almost certain result of kidney trouble. D. Toomey, 803 East Olive St., Bloomington, Ill., says: "I suffered with backache and pains in my kidneys which were almost unbearable. I gave Foley Kidney Pills a good trial, and they done wonders for me. To day I am on my feet, doing my day's work and not feel the effects."

GIVEN CHANGE OF VENUE.
Ponce, Neb., April 2.—After an all day argument by attorneys in the murder case of William Flegel, charged with the murder of his sister, Judge Graves sustained the motion of the defense for a change of venue. The case will be transferred to Thurston county.

AT NICHOLS PARK

May First Will be Formal Opening Date—Fishing to Begin June 22.

The Nichols park board had a meeting last evening and decided on a number of matters and in general it was the determination to make the park just as attractive as possible this season and do all in their power to have it pleasant and safe for ladies, children and all who have a desire to go there.

May 1st was decided on as formal opening day, though anyone may go there at any time with proper behavior. A policeman will be on hand to maintain order and see that the rules of the place are kept and all treated right. June 22 at noon will be fishing date.

An angle is to be added to the attractions of the zoo. The monkeys are in good condition as are the other animals as well as the birds in the cages.

Member Myers was made a special committee on flowers and will proceed to do all in his power to add to the work of nature and make the flower beds as beautiful as means will permit.

A goodly amount of choice shrubbery is to be set out and men employed to keep the lawn in order. Baseball north of the lake is absolutely prohibited at all times and under all circumstances.

Dogs are not to be permitted in the park, as they annoy the swans and ducks and tease the occupants of the zoo.

The co-operation of the public is earnestly requested in making this place a complete success.

PRIMARY NOTICE.

STATES THE TRUTH.

Richard Hill, L. L.—Albert Porter, who has lived here for some time, believes that when a man in bad health finds something that is just what he needs, it is his duty to let the facts be known.

He says: "All winter I had a bad cold and a cough which I could not get rid of. I was badly run down besides. A short time ago I started using Vinol and my cough is gone now and I feel well in every way. This shows what Vinol will do for anyone in that condition and I strongly recommend it to everyone."

The reason Vinol, our delicious cod liver and iron preparation without oil, cured Mr. Porter is because it went directly to the seat of the trouble which was his weakened run-down condition. Its curative, blood-enriching and strengthening properties built up his health and his health and his cough disappeared as a natural result.

We guarantee that Vinol will do all we claim, and will pay back your money if Vinol does not satisfy you. Lee P. Alcott, east side square.

Quality Meat

Is what you should buy.—That Only is what we sell

True, it often is a little higher in price, but it is more economical because there's no waste—it's all solid nutriment. Our price for quality meat is not high because we buy and sell for cash and have no big delivery expense—we give you that benefit.

A child can buy from us. Send a note, or telephone, telling what and how much you want and you'll be served as well as though a meat expert made the selection.

Anna Held's Opinion of An Automobile

Arthur Bunker Motor Car Co.
Seattle, Washington.
Gentlemen:

I cannot help but say that the big, luxurious Oakland car that took me so easily and comfortably around your beautiful boulevard is the easiest riding American built car I have seen. Of course, my foreign machines cost me thousands of dollars, but this is the first American built car that I ever thought their equal.

Respectfully yours,

Anna Held.

You will note by Miss Held's letter that she has had experience with foreign built cars which cost her thousands of dollars. You will also note carefully that the Oakland is the first American built car that she ever thought the equal of the high priced foreign made cars. This is one of the best tributes that has ever been paid the Oakland, and, coming as it does from a woman who is in a position to judge of the comparative merits of high priced cars and medium cars, it should carry great weight.

DISCRIMINATING LADIES.

Major Using Herpelde on Account of
Its Distinctiveness.

The ladies who have used Newbro's Herpelde speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpelde effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpelde stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send for sample to The Herpelde Co., Detroit, Mich.

For many years piano manufacturers and dealers have tried to reduce the selling expense of pianos, the old way of paying solicitors, paying music teachers commissions and engaging great artists to play their pianos at fabulous sums are being eliminated, and now it is the question of the best advertised piano, and one in which the purchasers are given the greatest possible value. This is the age of cooperation and the manufacturers correctly believe that the best way to market and introduce their product is to spend the advertising money in making special offers to the people rather than employing world-famous demonstrators at fabulous expense and making the people pay for such methods by asking a heavy price for the piano.

Chicago Market. Oliver S. Green with Herreid & Co., U. S. Yards, Chicago, reports the estimated receipts for Monday, April 1, as 18,994 cattle, 32,000 hogs and 50,000 sheep. Although the market closed weak and lower last week the estimates at that time were 22,000 to 25,000 cattle for today. The light receipts, however, counteracted the influence which was expected to be in evidence this week on account of Jewish holidays and holy week, and the market was active at an advance of 10 to 15 cents over the closing level a week ago. Some of the medium to good cattle showed even a greater advance.

The hog market opened 10c higher, became weak and part of the advance was lost. A liberal number of earloads at \$8; selected packing and shipping, \$7.85 to \$8; medium and butchers, \$7.82 1/2 to \$7.90; poor to good heavy packing, \$7.70 to \$7.82 1/2; light weights, \$7.60 to \$7.82 1/2; pigs and throwouts, \$2.50 to \$2.50.

Sheep and lamb market while not showing much advance from high spot one week ago; in some places lost 10c higher for sheep with some lambs the lower. The market closed weak. Top for lambs, \$8.25. Shorn western wethers, \$6 to \$6.25; western wethers, \$6.25 to \$6.60; native ewes, \$1 to \$1.50.

Kansas City Market. Kansas City Stock Yards, April 1.—The stocker and feeder trade assumed a hesitating manner after Tuesday last week, and though receipts of those classes continued light, prices declined around 25 cents by the close of the week. Stock cattle stopped at \$6.25 last week and sales of feeders above \$6.40 were scarce. An Illinois feeder paid \$6.90 for some choice 1,150 pound steers, considered not quite as good as some cattle, for which he placed a bid of \$7.10 the week previous, without landing them. A feature here last week was the appearance of a buyer from South Dakota, who filled good sized orders. The buyers of Kansas have been pretty generally leary for the coming season, and the indications are that as many cattle will be grazed in them as last year. These pastures are usually stocked on the basis of four acres to an animal, and the

"SCORING" SCHOOLS.

at Their Good Points Same as Corn.

Country schools are now to be scored same as chickens, corn and the like. Educators have wisely come to the conclusion that children are as important as grain, livestock and poultry, so the state department of public instruction has prepared a "score card" for country schools, and U. J. Hoffman, assistant state superintendent, is visiting schools in various parts of the state and bestowing diplomas upon those that score up to the "thoroughbred" class.

Mr. Hoffman visited several schools in Greene county and found one, Centerville, which received a diploma and two others which almost sized up.

In "scoring" a country school, Mr. Hoffman begins with the grounds and notes whether there are shade trees and shrubbery, ample play ground, yard properly fenced and kept, sufficient supply of good drinking water, proper outbuildings, etc.

As to the building, it cannot pass muster unless it is well painted and in good repair, well lighted, well heated, well ventilated, the walls decorated, and ample blackboard provided.

Furnishings and supplies are also taken into account. Desks and seats must be arranged so that children will sit comfortably. The apparatus and supplies must be sufficient for practical work. The school should have a library of well selected books kept in a good case, and the same care in selection should be exercised in the pictures hung on the walls.

Mr. Hoffman investigates the organization of the school, the classification register, the program of study and recitation, use of the reference library, home reading properly directed, interest in industrial training, regularity of attendance, etc.

Finally, the teacher must be receiving a salary of at least \$40 a month. It must be shown that the teacher has made proper preparation for his or her work, attends institute and association meetings and reads the books of the state teachers' reading circle.

MR. EWERT WILL NOT GO.

The good people of the Carrollton Methodist church are delighted by the fact that their beloved pastor, Rev. Arthur F. Ewert, has decided to stay with them and not accept the tempting call to a much larger and wealthier church in Indiana, as stated in the Journal a few days ago.

A few months since Mr. Ewert visited the city from which the call came and delivered a lecture and so pleased were the people with him that they at once suggested the thought of securing him for their pastor and he was approached on the subject. He gave no reply and the matter did not take definite shape until the meeting of the annual conference of that locality, when the formal offer was tendered him and it rested wholly with him, as the presiding bishop was understood to be favorable to the change.

Mr. Ewert has been with the people of Carrollton less than a year, yet in that time he and his estimable wife have greatly endeared themselves to all with whom they have come in contact and the people regretted the idea of losing their pastor and his good wife so soon and they are re-joiced at the prospect of keeping them.

Mr. Ewert is a progressive wide awake, growing young man. A careful student, a logical thinker, thoroughly orthodox, devoted to the spiritual uplift of his people, he still finds time to deliver useful and very attractive lectures on various prominent topics of the day. He cultivates all classes, the young people, the brotherhood, the missionary element and all whom he may reach and benefit.

Not long since there was a public discussion regarding the inspiration and reliability of the scriptures and pitted against Mr. Ewert were some notable persons, but it was admitted that he had the best of his opponents. He has also taken an active part in the local option campaign and is a force for good in the capital of Greene county.

Rev. B. E. Parker has been appointed to the place declined by Mr. Ewert.

WOMEN'S PRESBYTERIAL SOCIETIES MEET.

The Women's Foreign and Home Missionary societies of Springfield Presbytery hold their annual gathering at Mason City this week.

Tonight the executive committee meets at 7:30 o'clock to attend a meeting at 7:30 o'clock. To attend it the following ladies went up on the 6 o'clock train: From Westminster, Mrs. Ensey Moore, Mrs. R. R. Stevenson and Miss Hattie Phillips; from State Street church, Mrs. T. P. Lansing, Mrs. W. H. H. King and Mrs. Cunningham.

The Foreign Missionary society will have its meeting all day Wednesday, with a popular open meeting in the evening to be addressed by a representative of the board from New York.

Thursday will be home day and in the afternoon the meetings will be adjourned.

These Presbyterial societies throughout the country are a very valuable aid in Presbyterian missionary work, in extending information and by contribution.

HAD BIRTHDAY PARTY.

Mrs. Clifton Strawn entertained about thirty of her friends Tuesday afternoon at her home in Alexander, in honor of her thirty-eighth birthday. The appointments were such as to make the occasion one of much pleasure. The home was attractively decorated in a color scheme of pink and white, flowers being used with pretty effect. Various games and contests afforded delightful entertainment. In the needle threading contest Mrs. John B. Strawn received the first prize and Mrs. Margaret Colwell was given the consolation prize. The time was spent in a pleasing social manner and elegant refreshments were served. Mrs. Strawn was the recipient of a number of nice presents.

A MILLINERY OFFER Without Parallel

THERE have been special Millinery offerings in Jacksonville before—by others as well as ourselves—not forgetting the big sale we held only two weeks ago. But this sale is the climax of the millinery existence. A sale that will live and make history.

Hundreds of the Most Beautiful Hats. The Original Models

The acme of Millinery art and perfection, both in style and quality. We secured this unheard of assortment only Monday of this week, from the Rosenthal-Sloan Millinery Co., of St. Louis, Mo., makers of the famous Gold Medal Hats. Each hat different from the other, and remember, over 1000 hats to choose from. Now, ladies, stop for a moment and consider what a variety of 1000 different hats mean, and furthermore, just four days before Easter, the very time millinery merchants are reaping their golden profits. The price paid does not cover the cost of just the making alone. You've bought hats before and know what hats should be worth. These hats are now being assorted out, piled high on every table and shelf in our store. Come the very minute you read this ad., as this offer is bona-fide in every way, and detail description is impossible. Each hat a masterpiece of art. Of course our usual knockers will begin to strike the minute this ad. appears. But that will emphasize the magnitude of this sale so much the more. Come yourself and bring all your friends,
